

Publications F. Rigalleau

Ouvrages individuels et collectifs :

1. - Fossard, M., & Rigalleau, F. (2005) Referential accessibility and anaphor resolution : the case of the french hybrid demonstrative pronoun celui-ci / celle-ci. In A. Branco, T. McEnery & R. Mitkov (Eds.). *Anaphora Processing: Linguistic, Cognitive and Computational Modeling*. (pp. 283-300). Amsterdam: John Benjamins Publishing Company.
2. - Cordier, F., & Rigalleau, F. (2006). Psychologie du langage. In D. Gaonac'h (Ed.) *Psychologie cognitive et base neurophysiologique du fonctionnement cognitif*. (pp. 193-224). Paris : PUF.
3. – Auzou, P., Cardebat, D., Lambert, J., Lechevalier, B., Nespoulous, J.- L., Rigalleau, F., Rohr, A., & Viader, F. (2008). Symptomatologie de l'expression et de la compréhension orale dans les troubles du langage acquis. In B. Lechevalier, F. Eustache, & F. Viader (Eds.) *Traité de neuropsychologie clinique*. (pp. 439-542). Bruxelles : De Boeck.

Articles en anglais dans des revues indexées à comité de lecture international :

- 1 - Rigalleau, F. , & Caplan, D. (2000). Effects of Gender Marking in Pronominal Coindexation, *Quarterly Journal of Experimental Psychology*, 53A (1), 23-52.
- 2 -Rigalleau, F. & Caplan, D. (2004). A deficit of automatic pronominal co-indexation in aphasic patients. *Journal of Neurolinguistics*, 17, 181-213.
- 3 -Rigalleau, F., Largeau, C., Benraiss, A. (2004). Automatic and controlled language processes : A special issue of the *Journal of Neurolinguistics*, 17, 93-96.
- 4 -Rigalleau, F., Baudiffier, V. & Caplan, D. (2004). The comprehension of sentences with stylistic inversion by French aphasic patients. *Brain and Language*, 89, 142-156. (SJR 0.9, Q1 linguistics and language)
- 5 -Griffini, S., & Rigalleau, F., Cordier, F. (2003). Lexical, syntactic and semantic constraints on auxiliary selection in French : A first dissociation. *Brain and Language*, 87, 79-80.
- 6 -Rigalleau, F. & Caplan D. (2004). New arguments in favour of an automatic gender pronominal process. *Quarterly Journal of Experimental Psychology*, 57A, 893-933.
7. - Guerry, M., Gimenes, M., Caplan, D., & Rigalleau, F. (2006). How long to find a cause ? An on-line investigation of implicit causality in sentence production. *The Quarterly Journal of Experimental Psychology*, 59, 1535-1555.
- 8.- Fossard, M., Rigalleau, F., Puel, M., Nespoulous, J.-L., Viallard, G., Démonet, J.-F., & Cardebat, D. (2006). Working memory and semantic involvement in sentence processing: A case of pure progressive amnesia. *Neuropsychologia*, 44, 335-338.
9. – Gimenes, M., Rigalleau, F. & Gaonac'h. (2009). The on-line processing of French ungrammatical complex sentences. *Language and Cognitive Processes*, 24, 440-449.
- 10 - Gimenes, M., Rigalleau, F. & Gaonac'h. (2009). The effect of noun phrase type on working memory saturation during sentence comprehension. *European Journal of Cognitive Psychology*, 21, 980-1000.
- 11 – Jaafari, N., Rigalleau, F., Rachid, F., Delamillieure, P., Millet, B., Olié, J.-P., Gil, R., Rotge, J.-Y., Vibert, N. (2011). A critical review of the contribution of eye movement recordings to the neuropsychology of obsessive compulsive disorder, *Acta Psychiatrica Scandinavica*, 124, 87-101.
12. – Mazerolle, M., Régner, I., Morisset, P., Rigalleau, F. I., & Huguet, P. (2012). Stereotype threat strengthens automatic recall and undermines controlled processes in the elderly. *Psychological Science*, 23, 723-727.
13. – Jaafari, N., Frasca, M., Rigalleau, F., Fady, R., Gil, R., Olié, J.-P., Guehel, D., Burbaud, P., Aouizerat, B., Rotge, J.-Y., & Vibert, N. (2013). Forgetting what you have checked: A link between working memory impairment and checking behaviors in obsessive-compulsive disorder. *European Psychiatry*, 28, 87-93.
14. – Cordier, F., Croizet, J.-C., & Rigalleau, F. (2013) Comparing nouns and verbs in a lexical decision task. *Journal of Psycholinguistic Research*, 42, 21-35.

15. – Cordier, F., Rigalleau, F., & Croizet, J.-C. (2013). Au delà de l'opposition nom / verbe en décision lexicale : Comparer les représentations statiques et dynamiques. *Revue canadienne de psychologie expérimentale/Canadian Journal of Experimental Psychology*, 67, 228-236.
16. – Rigalleau, F., Guerry, M., & Granjon, L. (2014). The effect of connectives on the selection of arguments: Implicit consequentiality bias for the connective "but". *Journal of Psycholinguistic Research*, 43, 465-485. DOI: 10.1007/s10936-013-9265-3.
17. - Jaafari, N, Chopin, N., Levy, C., Rotgé, J.-Y., Lafay, N., Rigalleau, F., Millet, B., Krebs, M.-O., & Vibert, N. (2015). Excessive checking behavior during an image comparison task in schizophrenia. *European Psychiatry*, 30, 233-241.
18. - Lambert, E., Sausset, S., & Rigalleau, F. (2015). The Ortho-syllable as a Processing Unit in Handwriting: The Mute e Effect. *Reading and Writing, : An Interdisciplinary Journal*, 28, 683-698.
